Section 4: Short Answer and Essay Questions

Please answer the following questions in complete sentences, addressing all parts of the questions clearly and concisely.

Have you ever considered pursuing a degree or career in a field related to climate adaptation, such as meteorology, geography, environmental sustainability, or geographic information systems (GIS)? If so, where did your interest originate? Please write no more than 200 words.

What are the greatest climate-related threats to your community, and how do you see climate change affecting those threats in the future? Please write no more than 250 words.

Describe how you could benefit from attending the Summer Academy. For example, you may describe how your participation in the Academy could help further your professional or personal goals. However, you may frame your response however you see fit. Please write at least 200 words, and no more than 500 words.

In addition to attaching this application in an email to ekronenberger@ou.edu, please also attach an unofficial transcript from the college or university you currently attend.

End of Application

Thank you for applying to participate in the SCIPP Climate Adaptation Summer Academy. Applicants will receive admission decisions via email during the first week of April. Updated Summer Academy and contact information is available at southernclimate.org.
